Historical Studies in the
Physical and Biological Sciences

Journal of the intellectual and social history of the physical
sciences and experimental biology since the 17th century

Volume 37, Part 2 (2007)

Office for History of
Science and Technology
University of California, Berkeley

University of California Press,
Berkeley, Los Angeles, & London

EDITOR J.L. HEILBRON

ASSOCIATE EDITORS

Physical sciences in the twentieth century

Paul Forman, Smithsonian Institution, NMHT, Room 5025, Washington, D.C. 20560

Enlightenment science, chemistry

Roger Hahn, Department of History, University of California,
Berkeley, CA 94720-2550

Eighteenth- and nineteenth-century physics

Thomas L. Hankins, Department of History, University of Washington,
Department of History D20, Box 353560, Seattle, WA 98195-3560

Twentieth-century science in its social and cultural setting

Daniel J. Kevles, Department of History, Yale University, P.O. Box 208324,
New Haven, CT 06520-8324

Biological sciences

John E. Lesch, Department of History, University of California at Berkeley,
Berkeley, CA 94720-2550

Genetics

William B. Provine, Ecology and Systematics, Cornell University,
E139 Corson Hall, Ithaca, New York 14853-2701

Diffusion of modern science beyond Europe; exact sciences

Lewis Pyenson, Dean of the Graduate College and Professor of History,
Western Michigan University, Kalamazoo, MI 49008-5242

Twentieth-century theoretical physics

Sylvan S. Schweber, Department of Physics, Brandeis University,
Waltham, MA 02254-9110

Astronomy, astrophysics, French science

Spencer Weart, American Institute of Physics, Center for History of Physics,
One Physics Ellipse, College Park, MD 20740-3843

Nineteenth-century physics and natural philosophy

M. Norton Wise, Department of History, University of California at Los Angeles,
6265 Bunche Hall, Box 951473, Los Angeles, CA 90095

MANAGING EDITOR Diana Wear

BOOK REVIEW EDITOR Stephanie C. Young

Contributors

One copy of a manuscript should be sent to the University of California, Office for History of Science and Technology, Editor, 543 Stephens Hall # 2350, Berkeley, CA 94720-2350, and a second copy to the appropriate Associate Editor. The identifications of Associate Editors refer to their particular competencies; they do not define the scope of the journal, which is open to studies in all aspects of the history of the physical sciences and experimental biology since the 17th century.

Typescripts should be double spaced on 8 1/2 × 11 paper, with ample margins. Footnotes, tables, captions and displayed equations should be double spaced on separate sheets. Prospective contributors should consult <http://ohst.berkeley.edu/Publications/HSPS> for a style sheet.

Subscription rates

In the U.S., \$34.00 a year for individuals; \$124.00 a year for institutions (\$105.00 a year for institutions/electronic); \$22.00 a year for students or retired persons; subscribers outside North America add \$15.00 per year. Single issues: \$18.00 for individuals, \$65.00 for institutions. Please allow 4 months for receipt of first issue to be received. Address all correspondence for subscriptions, change of address, and claims to: *HSPS*, University of California Press Journals, 2000 Center St., Ste. 303, Berkeley CA 94704-1223. Telephone: (510) 643-7154, e-mail: journals@ucpress.edu. Website: www.ucpress.edu/journals.

Advertising

Requests for advertising rate cards should be sent to the address above. *Historical studies in the physical and biological sciences* (ISSN 0890-9997, online ISSN 1533 8355) is published twice a year by the University of California Press: Canadian GST 89626 2698 RT0001.

Copying and permissions notice: Authorization to copy article content beyond fair use (as specified in Sections 107 and 108 of the U.S. Copyright Law) for internal or personal use, or the internal or personal use of specific clients, is granted by the Regents of the University of California for libraries and other users, provided that they are registered with and pay the specified fee through the Copyright Clearance Center (CCC), www.copyright.com. To reach the CCC's Customer Service Department, dial 978-750-4470 or write to 222 Rosewood Drive, Danvers, MA 01923. Permission to distribute electronically, republish, resell, or re-purpose material from 2001 forward, as well as requests for article reprints or offprints, can be fulfilled online through the CCC's Rightslink service, available on Caliber at <http://caliber.ucpress.net>. All other permissions and licensing inquiries may be submitted through the University of California Press website at www.ucpressjournals.com/reprintinfo.asp.

This journal is printed at The Sheridan Press on totally chlorine-free (TCF) paper. This paper is bleached using hydrogen peroxide rather than chlorine compounds thus eliminating the introduction of dioxin into the environment. This paper is acid free.
